design simplified™

Honeycomb Shades are a top choice for good reason. With their unwavering performance and wide range of options, they're the envy of every other window covering. Ultimate energy-efficiency, optimal light and privacy control, entirely customizable - what's not to love?

Welcome home.

HONEYCOMB SHADES
by Alta

SUIT YOUR STYLE

With a vast array of textures, opacities, and colors – your shades can be as unique as you. Our incredibly beautiful fabrics range from popular patterns to heavenly hues. Whether you opt for a rich solid or an intricate texture, it's sure to be extraordinary.

pro tip

No matter what material you choose, consider fabric wrapped rails for a truly coordinated look.

Honeycomb Shades with Automation

2" Hybrid Pleat Shades with Automation and Vertical Application
PEACEFUL ALLURE | Banana Bread HP96-2244

FUNCTION MEETS FASHION

Not only are our Honeycomb fabrics beautiful, but they work hard too. If you're looking for a streamlined design, look no further. Sliding glass doors, large windows, specialty shapes... Honeycomb Shades have you covered.
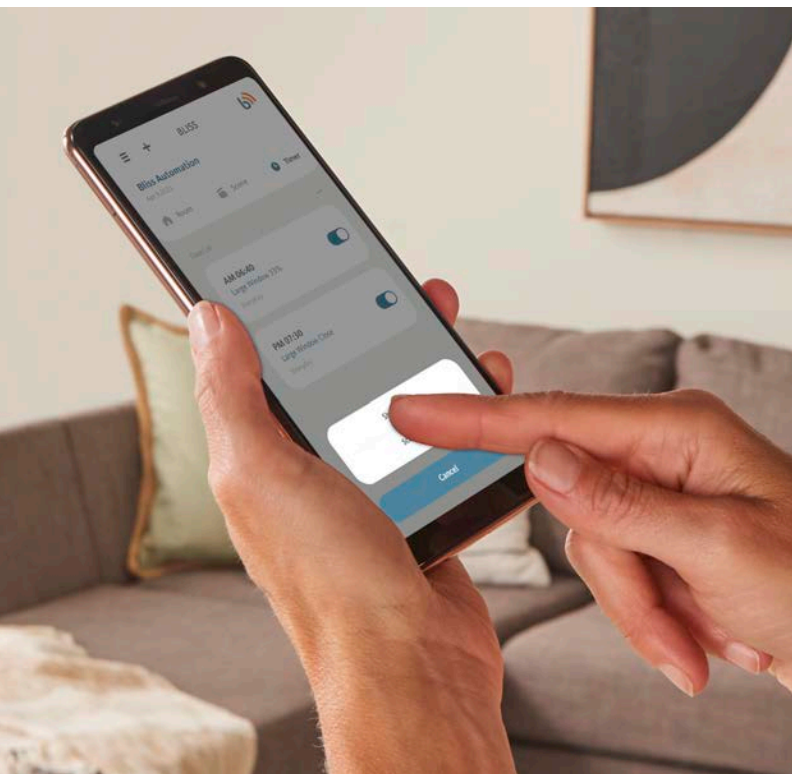

be bold

Our supersized 2" Hybrid Pleat delivers the drama. The unique cell shape allows for minimal stack when the shade is raised – plus, have you seen how stunning it is?

NEXT LEVEL CONVENIENCE

Our automation systems bring light and privacy management to the next level. Set your Honeycomb Shades to open and close on a schedule that suits you. This is what dreams are made of.

it's in your hands

Literally. With automated Honeycomb Shades, your perfect settings are only a tap away. Use your smartphone or a remote to achieve precisely what you're craving.

Scan this code to see what else automation can do for you.

HEALTHY BOUNDARIES

Our numerous child-safe systems are designed for your peace of mind. From our easy-breezy Cordless Lift and affordable PowerWand to our various automated systems, our cord-free options mean that you don't have to think twice.

play it safe

Our award-winning innovations put safety first so you and your family can put fun first. Thanks to our extensive research and elegant aesthetic, healthy boundaries never looked so good.

PERFECT FIT, EVERY CELL

With our 5 different cell sizes, there isn't a window we haven't liked. From our popular 1-¼" single cell for oversized windows to our hardworking double cell for maximum energy-efficiency, your perfect solution awaits.

⅜" Single Cell

For smaller scale windows

¾" Single Cell

For virtually any window size

1-¼" Single Cell

For larger scale windows

Double Cell

For superior insulation and added light control

2" Hybrid Pleat

For a dramatic look, larger windows and sliding glass doors

YOUR LIGHT, YOUR RULES

Have it your way. For perfectly filtered light or optimal privacy, our fabrics are available in a multitude of opacities. A soft glow or tranquil room darkening, the choice is yours.

Honeycomb Shades with Cordless Lift
PEACEFUL ALLURE | Fair Oaks H96-2226

Sheer

Filtered light for an open, softened view, UV protection and glare reduction, when privacy is not a concern.

Semi-Sheer

Softly diffuses light while offering minimal privacy. Images, shapes and people can be seen with some clarity.

Light Filtering

Diffuses sunlight and helps to reduce glare. Provides a moderate degree of privacy as only shadows will be discernible.

Room Darkening / Blackout

Room Darkening dramatically reduces light. Provides privacy against most direct light. Images, shapes and people are not discernible.

Blackout fabrics provide the ultimate in light control and privacy; perfect for bedrooms, nurseries, or media rooms. Pair with privacy light block for additional light control.

BLISS ASSIST

Elegance meets ease with our tech-savvy BLISS™ Automation...smart-home innovation that lets you control your shades from anywhere, from a smart device or remote. It'll change the way you see your shades.

AUTOMATION
by **ALTA**

ADVENTURES IN AUTOMATION

Elevate your experience with our automation systems. From the wirefree convenience of rechargeable motors to the power of voice control operation, to being compatible with existing smart home technology, at home or away, automation makes life easier.

AUTOMATION

The ultimate in ease and convenience, our automated systems control all of your shades with a remote, an app on your smart device, or even your voice.

POWERWAND™

The PowerWand™ lifts and lowers shades with the touch of a button. PowerWand is affordable and rechargeable, too.

At Alta, we want our treatments to treat you well. That's why our focus is on safety, convenience, and reliability. Beautiful form meeting beautiful function, through stellar advancements in automation. Scan QR code to learn more about our latest control options.

OTHER CONTROL OPTIONS

CORDLESS LIFT

A light push or pull on the handle lifts or lowers the shade to any position. With no visible cords, cordless shades offer a clean look, and provide added child and pet safety.

Cordless Lift is available with three handle options, shown below.

Clear Handle

Color Coordinated Handle

Clear Plug

CORDLESS LIFT & LOCK

Press a button on the bottomrail handle to lift and lower the shade. Release the button to securely lock the shade into place. A child-safe option.
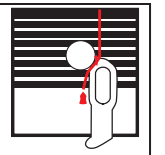

CONTINUOUS LOOP CONTROL

Raise oversized or heavy shades with ease and convenience. The loop remains a constant length while the cord tensioner eliminates dangling cords for enhanced child safety.

⚠ WARNING
⚠ ADVERTENCIA

Window Blind Cord Strangulation Risk
Window Blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a stangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estrangulamiento en Cuerdas de Persianas
Las persianas con un dispositivo tensor suleto o danado o con una cuerda retractable que no se ajusta completamente representan un riesgo de estrangulacion para los ninos. Para evitar un posbiel riesgo de estrangulamiento, considere comprar productos inalambricos o productos con cuerdas in acessibles.

## HEADRAIL OPTIONS

PREMIUM RAIL

Painted Headrail

Premium rail is standard on all cell sizes except 1-¼" fabric. Rail is color coordinated to shade fabric. Optional: Fabric wrapped with shade fabric for a truly coordinated look.

LARGE RAIL

Large rail is standard on all 1-¼" fabrics. Optional: Fabric wrapped with shade fabric for a truly coordinated look.

MOUNTING OPTIONS

INSIDE MOUNT

Specify inside mount if your window has the proper depth.

OUTSIDE MOUNT

Specify outside mount to ensure the greatest amount of light control. Best for shallow depth windows or enhanced light control.

DESIGN OPTIONS

Two or three independently operating shades share the same headrail for a more unified look. Ideal for wide windows and patio doors.

Honeycomb in the vertical application opens from side-to-side for your sliding glass doors, stacks tight and matches your traditional windows.

Versatile honeycomb is perfect for any shaped window. Choose from non-operable fan-fold arches, trapezoids and angles.

Standard and motorized options available. Standard manually operates with a handle or optional extension pole, while motorized operates with remote control convenience.

TAKE CONTROL

For maximum versatility, Top-Down/Bottom-Up offers maximum variations in natural light and unfiltered views. Or go even further by combining fabrics and design options with our Two-Fabric Combination or TriLight Shades®.

TIFFANY *sheer* | Soft Sand H25-103

PRIVACY AND LIGHT CONTROL

Between our high-performance fabrics and innovative designs, every room in your home can have the exact amount of light you dream of. Even a single window can have multiple options. Oh, we have options... read on.

TOP-DOWN/BOTTOM-UP

Operates from two different directions offering the maximum variations in natural light and unfiltered views plus privacy.

TWO-FABRIC COMBINATION

Combine two different honeycomb fabrics—like sheer and light filtering—in a single shade for flexible light control.

TRILIGHT SHADES®

Get creative—and practical—by combining a sheer pleated shade with a Honeycomb or 2" Hybrid Pleat to increase your UV protection while softly filtering light. Adjust more of one, less of the other to change your view to your mood.
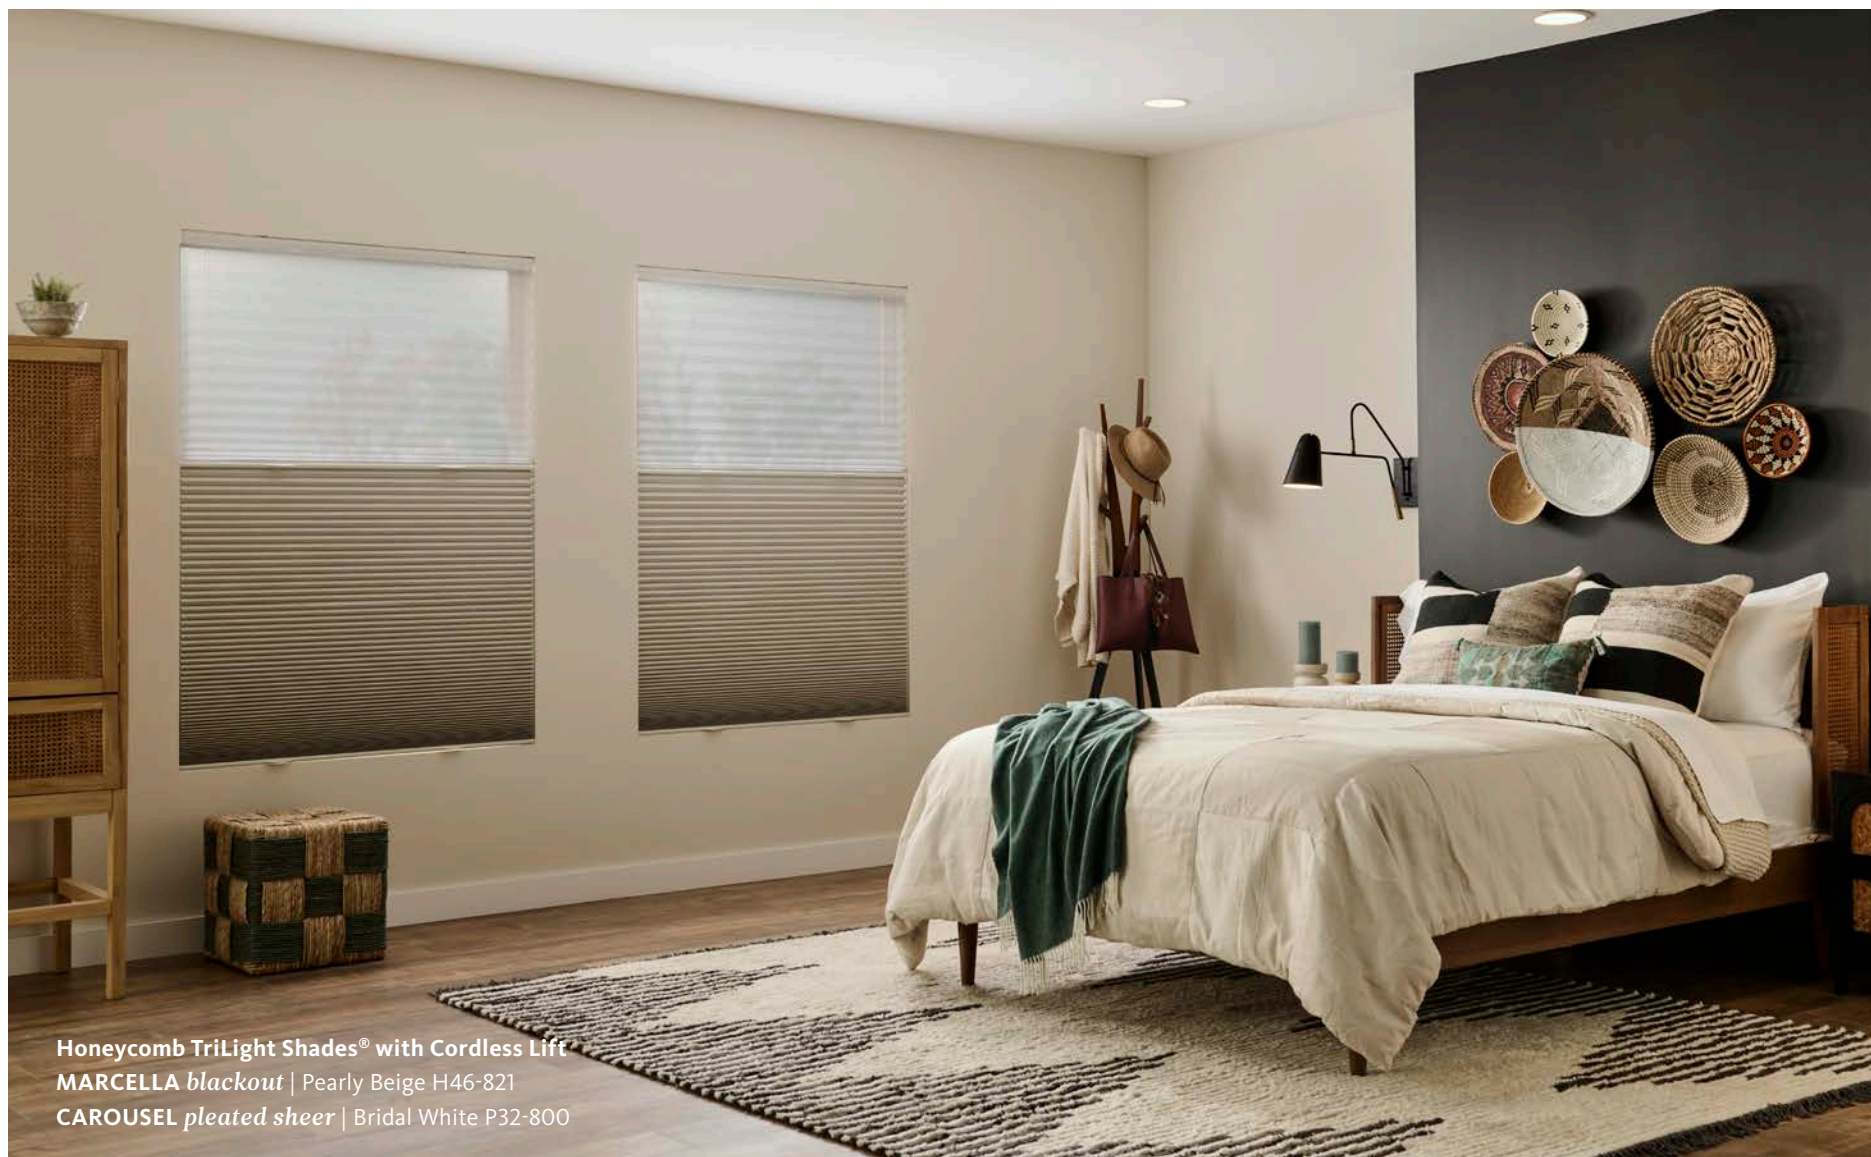

did you know?

Top-Down/Bottom-Up shades are available as motorized for ultimate ease. Raise shades from the bottom or lower from the top with the touch of a button or tap on an app.
