

# Clear Vue Collection

## Acrylic Drapery Hardware

RETAIL PRICE LIST  
EFFECTIVE MARCH 15TH, 2024  
**7 DAYS SHIPPING**

### Clear Vue Collection Ordering Information:

1. All product are available in two diameters 1 3/8" and 2 1/8" with metal finish of Chrome and Satin Brass on Finial Collars, Brackets, Rings and Batons.
2. One Way Draw Brackets and C Rings are available in both 1 3/8" and 2 1/8".
3. Available brackets include Standard Brackets, Extended Brackets, Joining Brackets, Double Brackets and One Way Draw Brackets.
4. Rings are available as Metal Rings with Plastic Liner, Metal C Rings with Plastic Liner and Acrylic Rings.
5. Acrylic poles are available as Solid Poles or Hollow Poles in 1 3/8" and 2 1/8" dia. Please consider weight and design aspect in the selection process.
6. We recommend using brackets every 3-4 feet depending on the weight of your window treatment, however we always recommend that 2 1/8" solid acrylic poles over 6 feet, should have brackets every 2-3 feet and professional installation is recommended.
7. When joining two acrylic poles to create a longer length, a joining bracket is required. Acrylic poles cannot be joined with splicing screws.
8. When ordering the acrylic elbow, please note that joining brackets must be ordered for each arm of the elbow. Please order separately.
9. When using double brackets, we strongly recommend using hollow acrylic poles over solid acrylic poles
10. Metal rings have a rubber insert to prevent scratching of the acrylic pole.
11. Plastic scratch remover can be used to remove minor scratches on acrylic.
12. We always recommend utilizing a professional installation service with considerations of weight, handling and standards.

### Bohemia Glass Finials

To Fit 1 3/8" and 2 1/8" Acrylic Poles ( Orders collars separately)
