ANODIZED SKYLINE FASCIA INSTALLATION NOTICE

THE ANODIZED FASCIA FINISH DOESN'T ALLOW FOR THE FASCIA CLIPS TO SLIDE AND SNAP INTO THE BRACKET AS WELL AS OTHER PAINTED FINISHES.

IF YOU EXPERIENCE PROBLEMS SNAPPING YOUR FASCIA INTO THE BRACKET, ROLLEASE RECOMENDS APPLYING A PIECE OF TAPE TO THE FASCIA FLANGE THAT WOULD ALLOW FOR THE CLIPS TO SLIDE INTO THE BRACKET BETTER. POSSIBLY A THIN LAYER OF LUBRICANT COULD VERY CAREFULLY BE APPLIED TO THE FASCIA FLANGE.
