

Top Mount Kit - Item 1780908

Product information:

Part #	Item	Item Description
1780908	Top Mount Kit	Required accessories to mount the Glydea™ motor above the drapery track

Motor compatibility:

The top mount feature is only compatible for Glydea™ motors manufactured in July 2011 or later. The manufacturing date is printed on a label located at the base of the motor. For motors technologies other than dry contact and infrared, the label is located behind the control module.

Technical specifications:

Environmental conditions for top mount installations, including motors installed in enclosures, should not exceed those specified on the data sheet.

Working temperature	°C	0°C to + 60°C
	°F	+32°F to + 140°F
Humidity rate		85% at 35°C / 95°F

 Radio reception could be reduced for motors installed in enclosures, especially if the enclosures are metallic.

Installation instructions

Drive Pulley preparation:

Unscrew and remove the metallic plate from the bottom of the Drive Pulley Housing. Re-install the plastic plate with the drive pulley screws that were removed (fig.1). Install the cover plate supplied with the Top Mount Kit.

Turn the drive pulley upside-down and install the plastic plate from the Top Mount Kit, then install the metallic plate that was removed from the bottom side, and secure them with the 3 screws supplied with the kit (fig. 2).

Motor Installation

In the Top Mount configuration The motor hook must be installed in the recess at the back of the drive pulley.
